WSL and Promotion Partners are under no obligation to use the Video or publish the same on any media whatsoever.

8. Judging Panel

- a. **Judging Panel:** The judging panel will be determined in consultation with Heavy Water Surf, LLC (the "**Judging Panel**"). If any of the selected judges are unable (including because of submitting a Submission) or unwilling to serve as a judge, the WSL in consultation with Heavy Water Surf, LLC will select a replacement judge.
- b. **Selection of Nominees** After the Closing Date, a committee of five (5) members of the Judging Panel selected by WSL and Heavy Water, LLC (the "**Committee**") will evaluate the Submissions received and the Committee will nominate five (5) nominees for each Award Category. If multiple submissions are made, the Committee will select the single definitive Submission of each nomination, considering all factors such as sharpness, framing and completeness of the Ride from beginning to end.
- c. **Selection of Winners:** The Judging Panel shall select the winners from the five (5) nominated Submissions.
- d. **Judging Points System:** Each judge on the Judging Panel will be asked to rank the five (5) nominees in the order from first place to fifth place. Each judge will then submit his or her ballot order of nominee Submissions to WSL Tours and Competition. The following point values will be assigned to the ranking on each selection and an overall total will be calculated from each judge's ballot order of nominee Submissions.

- 1st = 100 points
- 2nd = 75 points
- 3rd = 55 points
- 4th = 40 points
- 5th = 30 points

After each judge completes their ranking of the five (5) nominees in each Category, the WSL will calculate the total number of points for each nominee in each Category. In case of a judge assigning a tie to two or more Submissions in their order of nominees, the average score of the tied waves on that ballot will be tallied. For example, a tie between 4th and 5th would each receive 35 points. Individual judge's ballots will remain confidential to ensure candid input, but the final relative scores in aggregate will be available upon request. The Awards will be determined as follows:

First Prize	Nominee with the most points
Second Prize	Nominee with the second most points
Third Prize	Nominee with the third most points
Fourth Prize	Nominee with the fourth most points
Fifth Prize	Nominee with the fifth most points

If there is a tie between two (2) nominees in a Category, the Judging Panel will review the two nominees and each member of the Judging Panel will cast a vote for the nominee which they believe should be the winner as between the two (2) nominees. The nominee with the most votes will be deemed the winner. For example, if there is a tie for Third Prize, the nominee that is the winner as between the two (2) tied nominees will receive Third Prize and the other nominee will receive Fourth Prize. If after any such vote by the Judging Panel there is still a tie, the winner as between the two (2) nominees will be determined by the WSL.

9. Judging Criteria:

a. Ride of the Year:

The Wave: The following criteria shall apply to the analysis of the wave:

- the height, steepness and heaviness of the wave will be considered to determine the difficulty of the Rides. Waves that maintain these characteristics for a majority of the Ride will be noted.
- Size of the wave: for each Ride, the size of the wave will be analyzed by the zone where the surfer has taken off and not so much by the size of the wave prior to the point of take-off.

The Surfing: The following criteria shall apply to the analysis of the surfing and be noted:

- The surfer that utilizes the wave to do the most progressive and committed big wave surfing possible
- The surfer's position to take off on the steeper, more critical part of the wave will be a key consideration.
- Deep and/or technical barrel rides
- Execution and control throughout the ride.
- major maneuvers and highlines in the pocket
- Incomplete barrels with significant travel time and adjustments within the barrel.

b. Biggest Wave (Paddle) and Biggest Wave (Tow):

During the judging process the waves **will not be measured** by the WSL Science Team. The Judging Panel will determine the Biggest Wave (Tow or Paddle) using the following criteria:

- The height and steepness of the wave will be analyzed when determining the Biggest Wave. Waves that maintain these characteristics for a majority of the ride will be noted.
- For each successful Ride the size of the wave will be analyzed by the zone where the surfer has taken off and not so much the size of the wave behind the surfer.
- For each successful Ride the size of the wave will be analyzed as follows:
 - Biggest Wave (Paddle) - the zone where the surfer has taken off and not so much the size of the wave prior to the point of take-off.
 - Biggest Wave (Tow) - the surfers position relevant to the biggest part of the wave.

In the event of a comparison between similar sized waves in each Category, the following additional criteria shall apply:

- The surfer that utilizes the wave to do the most progressive and committed big wave surfing possible.
- The surfer's position to take off on the steeper, more critical part of the wave.
- Execution and control throughout the ride.
- Deep and/or technical barrel rides will be noted.
- Major maneuvers and highlines in the pocket will be noted.

c. Wave Measurement:

During the judging process the waves **will not be measured** by the WSL Science Team. Following the determination of the First Prize for Biggest Wave (Paddle) – Men, First Prize for Biggest (Paddle) – Women, First Prize for Biggest Wave (Tow) – Men and First Prize for Biggest Wave (Tow), the WSL will submit these First Prize winners to the WSL Science Team to determine the size of each such wave and the WSL Science Team may use all technology reasonably available to do so. You acknowledge and agree to provide any assistance reasonable requested by the WSL Science Team for the WSL Science Team to measure Your wave. If you fail to provide the requested assistance, the WSL Science Team

reserves the right to not measure Your wave. The WSL Science Team will use commercially reasonable efforts to complete the measurement of such waves by November 1, 2022.

Winners are subject to verification of eligibility and will be required to sign an Affidavit of Eligibility and a Publicity Release. All required documents must be completed and returned to WSL by the date and time communicated by WSL. If a potential winner cannot be contacted, fails to timely claim the prize, is disqualified or if a winner or a winner's parent or legal guardian fails to timely execute and return any required forms or other documents, or if the prize notification is returned as undeliverable, WSL may select an alternate winner from among the remaining eligible entries based on the judging criteria. Under no circumstances will more than the stated number or amount of prizes be awarded. Winner or winner's parent or legal guardian, if winner is a minor, is responsible for all federal, state, local and income taxes associated with winning the prize.
